The largest delegation of Silver City people that has ever visited our town came in Saturday to attend the play Saturday evening and the ball game Sunday. They were given a jolly time by our people and left Monday morning in high spirits. This is as it should be; the interests of the two towns are identical and they should be as one in everything that is for the advancement of this part of the territory.

Cooks Items.

Stock men are busy in this region now rounding up cattle for shipment.

U. E. McDaniels, our justice of the peace, is a Deming visitor to day.

Several of our citizens have been in Deming on legal business this week.

The mines of this district continue to make regular shipments of ore, another car was shipped last week.

The clouds which gather over the mountains nearly every day now indicate that the rainy season will begin early this year, which is encouraging to the stockmen.

Basket Ball Game.

Last Friday evening the Twentieth Century debating society gave another of their enjoyable entertainments at the opera house. The first part of the entertainment was a game of basket ball between the two teams of the society, the Commanches and Apaches, the game was won by Commanches by a score of 4 to 0. Following the game was a dance and ice cream supper, to which the young people of the town did ample justice.

Elks Entertainment.

The play of the "Colonel's Son" which was rendered at the opera house in this city last Saturday evening by the home talent of Silver city, was a success in every respect, and the Elks Order, under whose auspices the play was given, received good financial aid for the building of their new hall in Silver City.

Another Victory.

As usual the ball game. Sunday came out in favor of the Yellow Kids. Regardless of the wind which blew quite hard the crowd of spectators was large and the game very interesting. The Fort Bayard team played a good game but were compelled to give over to the superior ability of the Kids, by a score of 11 to 6.

Bad Work.

Last Monday a rather disagreeable thing occurred on our streets which might have resulted in the death or serious injury of some one but for the prompt action of sheriff Foster. Robert Herrington, the accused, and Al Watkins, one of the principal prosecutors, in the cattle stealing case told of in the Graphic some weeks ago, met in town that day and in a difference growing out of the former trouble attempted to settle their difficulty with fists; in a few moments a number of friends and sympathizers were on the scene with guns and for a short time it looked very much as if an old fashioned gun fight would be the result, but by the prompt action of sheriff Foster they were separated without any serious damage being done. Two shots were fired one of which took effect in Mr. Watkins hip and will doubtless make him lame for some time. Four men who were seen with guns were arrested and will be required to contribute to the public fund. These things are deplorable as all good citizens should trust to the law to settle their difficulties and discourage the use of personal violence.

Grand Rally.

There will be a grand rally at the opera house Friday evening at 8 o'clock and the Hon. Jas. R. Waddill, president of the National Sanitarium company, and Dr. W. H. Mayfield vice president and chief surgeon who will arrive in Deming Thursday afternoon and will ride over the grounds during the afternoon and address the citizens of Deming at the opera house Friday at 8 p. m. Come early. The Mandolin Club are requested to furnish the music.

The X-Rays

Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that Catarrh of the Stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How Can I Cure My Indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure Catarrh of the Stomach. After the installation a literary program was rendered and music was furnished by the mandolin club following this a dog feast and a dance in the hall below were participated in by the chiefs and their lady friends. An enjoyable time was reported by all and the tribe starts with bright prospects.

The Wastes of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, Dyspepsia and all stomach troubles. It is an ideal spring tonic.—Sold by J. P. BYRON & SON.

Cures When Doctors Fail.

Mrs. Frank Chaisson, Patterson, La., writes June 8th, 1901: "I had malaria fever in a very bad form, was under treatment of doctors, but as soon as I stopped taking their medicine the fever would return, I used a sample bottle of Herbine, found it helped me. Then I bought two bottles, which completely cured me. I feel grateful to you for furnishing such a splendid medicine, and can honestly recommend it to those suffering from malaria, as it will surely cure them." Herbine 50c bottle at J. P. BYRON & SON.

The stock rush is making it rather hard for the shippers of dead freight as it is almost impossible to get cars. One day last week Cox brothers came in with a load of hay for shipment and after waiting the whole day had to store the hay as no car could be had.

Spring Ailments.

There is an aching and tired feeling, the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind need toning up. The trouble is that during winter there has been an accumulation of waste matter in the system. Herbine will remove, secure to the secretions a right exit, and by its tonic effect fully restore the wasted tissues and give strength in place of weakness. 50c at J. P. BYRON & SON.
